Dear Círculo Completo,

On behalf of Finca La Serenidad and the community of Las Marías, Puerto Rico, we would like to extend our deepest gratitude for your generous donation to our regenerative farm. Your thoughtful contribution plays a key role in supporting our mission of sustainability, education, and community empowerment.

Finca La Serenidad is dedicated to promoting sustainable farming practices while nurturing the local ecosystem and educating future generations about the importance of environmental stewardship. As a women-owned farm, we recognize the significant impact that supporting female-led agricultural initiatives has on the economic and social well-being of Puerto Rico. Your support directly helps us empower women farmers, foster local planting systems, and contribute to the growth of the island's economy.

The work we do is not only about farming; it's about creating educational opportunities for our community and building a resilient, sustainable future. By supporting women-owned farms like ours, you are helping to drive meaningful change and providing us with the resources to make a lasting difference.

It is truly inspiring to see a group of young Puerto Rican women from Chapel Hill High School come together in support of a cause that has such an important impact on both the environment and the local economy. We are excited about the possibility of continuing our relationship with Círculo Completo and look forward to future collaborations that will further our shared commitment to sustainability and supporting women-led initiatives.

Once again, thank you for your generosity. We are deeply grateful for your partnership and the positive difference you are making in our community.

With heartfelt appreciation,

Raven Hutchinson
